A STOWAWAY'S TRIALS

Thrilling Adventures of an Austrian Lad In Getting to America.

HID IN A BOILER ON THE UMBRIA.

He Reached the Shores of America Once But Was Returned to Liverpool Without Being Permitted to Land.

New York, June 24.—Rivalling the tales of mythical fortune hunters is the experience of a little Austrian stowaway in one of the boilers of the Umbria, which has just come into port.

After the lad, who is 16 years old, had traveled 15,000 miles in quest of America, he at last was put in the hands of a friend who promised to care for him. His name is Bozo Gacino, and he comes from Dalmatia, province of Austria. His wanderings began more than a year ago.

Gacino's father then apprenticed him to a druggist, but the boy soon wearied of long hours and small wages and ran away to Trieste, where he hid in a ship bound for Egypt. In Alexandria he stowed away in the Fahyan and reached Liverpool a week later. Then he crawled into the hold of the Cunarder Saxonia. Upon reaching this port last spring he was speedily deported after he had a fleeting glance at the busy harbor. When he was taken back to Liverpool he evaded the English immigration officials and for 20 days lived off the crusts found in the gutters, but always keeping a weather eye open for an American bound vessel. Fortune smiled upon his effort on the night of June 13, just before the Umbria sailed. He crept upon the deck looking for a hiding place. A lantern was flashed in his face and the sentry believing that he was one of the cabin boys, ordered him below. Without realizing his danger the boy crawled into a boiler which furnishes steam to the "donkey" engine. This boiler was not used throughout the voyage, or otherwise the boy would have been burned to death. Some friendly stokers discovered his presence, but instead of disclosing his secret they fed him during the voyage.

On Thursday, however, McKelchan, the refrigeration engineer, climbed on top of the boiler and proceeded to hang up some of his washing to dry. Just as the engineer was preparing to climb down he was startled to see a head bob up out of the opening in the top of the boiler and then disappear again. McKelchan crawled over to the manhole and peered into the darkness inside the boiler. He could dimly discern the outlines of a person, and he shouted to him to come out. Receiving no response the engineer attempted to reach inside and grab the boy's clothing, but was severely bitten for his pains.

The engineer, satisfied that something was wrong, went to Chief Engineer Hardy, displayed his bleeding fingers and reported the occurrence. Hardy, thinking he had a madman to deal with, called for volunteers to descend into the boiler and two of the stokers responded. Charles Burdand, the ship's surgeon, was also called and stood by to render his services if needed. When the stokers got inside the boiler they found that the boy had crawled underneath the tubes on top of the furnace. After a struggle and some tight squeezing, they managed to get the prisoner up the manhole's entrance where he was pulled out. All laughed when they saw the supposed lunatic. He was locked up in the steamship's hospital and when the vessel reached port a vigorous search for the bold lad's friends was made. He was soon located in Harlem and signed papers which permitted the young Dalmatian to remain in the United States.

Pledged to Support Redmond.

Chicago, June 24.—Irishmen who met here passed resolutions denouncing England's "unholy war" against the Boers and pledging support to John Redmond and his associates in the house of commons. It was decided to hold the national demonstration of the United Irish societies at one of the parks Aug. 16. One hundred and forty-eight organizations were represented and Colonel John F. Finner, presided.

McQueen Arrested.

New York, June 24.—William McQueen of this city was arrested at the request of the Paterson police, who charged that he incited a crowd of mill workers to riot. According to the Paterson police McQueen was one of the leaders of the disturbances in that city last week.

PASSENGERS BURNED.

Peculiar Accident on a Trolley Car in Brooklyn.

New York, June 24.—While running at high rate of speed a Myrtle avenue trolley car in Brooklyn took fire, burning the motorman and five passengers, one probably fatally. Other passengers were badly injured jumping to escape the flames, which swept the full length of the car being carried by the wind. Those injured were: Grace Von Bierkland, 17 years old, burned about the face, arms and legs, will die; Oscar Von Bierkland, burned about face and arms; Mrs. Grace Bierkland, burned about face and arms; Thomas Huff, motorman, burned about legs, arms and face; Phillio Ross, Jr., burned about the face and hands; Frank Loretto, burned about the face and hands. The car was making a regular trip to the Brooklyn bridge from the Ridgeway picnic park. It was loaded to the utmost limit, the conductor's register showing 110 passengers when there was a report that was heard three blocks in all directions and which almost lifted the car from the track. A fuse had burned out and a flame caught the woodwork and burst through the motor box. This flame was carried up over the front dashboard and, being caught by wind swept back, burning all who were unable to throw themselves into the street. The motorman, although much injured, stuck bravely to his post and applied the brakes, bringing the car to a stop.

Miss Von Bierkland received the full force of the flames and was unconscious when the car was brought to a standstill. Her father and mother were also so badly burned that for a time it was feared that they might not recover. The car was almost entirely destroyed.

Kansas Populists.

Topeka, Kan., June 24.—Many leaders of the Populist party of Kansas, including Congressman A. H. Jackson and Senator W. A. Harris, are in Topeka in conference, 24 hours in advance of the state convention which will assemble here with 791 delegates. It is expected that the convention will endorse the nominations made by the Democrats at Wichita recently and fill in the remainder of the ticket themselves. Mayor Craddock of Kansas City, Kan., the Democratic nominee for governor, has opened headquarters and says a train load of "Craddock rooters" will be here from Wyandotte county to aid him. The principal interest of the convention will center in the nomination of a candidate for state treasurer, as many members of party declare that with a strong candidate the Republican nominee can be defeated.

"Woman Servant" Is a Man.

New York, June 24.—"Otille" Castanale, who came to this country a few days ago in the hope of getting employment as a woman servant, is a man and now awaits deportation at Ellis Island. "Otille" will be sent home at a man; not because he was found to be one, but because he was likely to become a public charge. He says he did not knowingly deceive. His parents had always dressed him as a girl and treated him as a daughter. He was taught to do housework and later found work as a woman servant in Saxony. The officials cut away the supposed woman's fine blonde hair, which was worn long and carefully dressed, and to further prevent deception, dressed the intending immigrant in his proper attire.

Silk Mills Opened.

New York, June 24.—In accordance with the decision of the mill owners reached on Friday last all the silk plants in Hudson county, N. J., opened for business. At only one mill, however, that of R. & H. Simon, in Union Hill, did the full number of men report for work. The employees were not interfered with by outsiders when they entered the mill. There was a force of police on guard at the plant and no one employed in the mill was allowed to approach the gates. There was a crowd of idlers in the vicinity, but no demonstration was made.

Record-Breaking Gun.

New York, June 24.—A 16-inch gun, the largest in the world, will be completed at Watervliet arsenal by Wednesday and sent to the United States Government proving grounds at Sandy Hook. Its operations are expected to astonish the world. It is the most powerful weapon yet devised by man and it is expected to revolutionize the art of gun making. The work upon this gun has been going on for years. Monster cranes have been constructed in order that the various parts of the record-breaking gun may be conveniently shifted.

A St. Paul, Sioux City, Minneapolis and Omaha passenger train jumped the track, killing two men.

POLICE COURT MELEE.

Mayor James Holden of Zanesville Ejected From Court Room.

CLUBBED OVER THE HEAD BY POLICE.

The Trouble Arose Over Refusal of Judge Reed to Withdraw an Affidavit Against a Woman at Mayor's Request.

Zanesville, O., June 24.—Mayor James L. Holden was forcibly ejected from the court of Police Judge Reed here. The mayor asked that an affidavit against a woman charged with intoxication be withdrawn and when the judge refused, he insisted that he had the right to withdraw it. The judge ordered Chief of Police Tracey to eject Mayor Holden from the court room. The mayor resisted and Tracey's brother and others went to the chief's assistance. During the melee the mayor struck the chief on the jaw and the latter landed on the mayor's head with a club. After the mayor had been put out he invited the chief to step out too, but that official declined.

Grosvenor Defends House Rules.

Washington, June 24.—The house met at 11 a. m. Some routine business preceded the resumption of the debate upon the Philippine civil government bill. A resolution was adopted calling upon the secretary of war for information as to any payments made by Governor General Wood to F. B. Thurber and any other person or corporations, together with the dates and amounts of such payments for advocating reciprocity with Cuba. Mr. Grosvenor (Ohio) took the floor and under the latitude allowed in general debate, discussed the criticism of the rules of the house recently indulged in by Mr. Cushman (Wash.) and others. Through the operation of the old rules and methods previous to the Fifty-first congress, he said, the house had become powerless to transact business. He pointed out that in the Fifty-sixth congress Mr. Cushman, as well as other critics of the rules, had voted to continue them in force. He paid an eloquent tribute to the fairness of Speaker Henderson.

A Mysterious Shooting Affair.

Topeka, Kan., June 24.—Matron Lowe of the reform school lies at the hospital with two bullet wounds through her abdomen, unconscious and with no hope of recovery. Her husband, J. C. Lowe, who has a slight wound in his head, is in prison, charged with the shooting. When the shots were heard by a watchman, he rushed to the scene, found Mrs. Lowe writhing on the floor, exclaiming: "It was an accident; it was an accident." In a few moments she became unconscious. Lowe also declared that the shooting was accidental. Nearby lay a revolver with four empty chambers. In the medical ward later, Lowe drank from a can labeled, "carboic acid," but the contents proved a weak solution and had no injurious effect. The entire affair is enveloped in mystery.

Soldiers on Duty.

Paterson, N. J., June 24.—Although many of the silk mills were open at the usual hour, it was estimated that less than one-third of the regular employees reported for work. A meeting of the strikers is to be held, but it is not expected that any definite action will be taken until the decision of the bosses as to the holding of a conference with representatives of strikers has been announced. Details of infantry and cavalry were on duty at the mills. There were large crowds in the vicinity of the mills, and the streets were full of idle workmen, but there were no disorders.

Soldiers Relieved.

Pawtucket, R. I., June 24.—Three companies of infantry and two divisions of the naval reserves have been relieved after 11 days' duty in connection with the street railway strike riots. In their place an amount of military men have been called into service. Brigadier General Tanner and his staff also were relieved. There were a dozen cases of stone throwing in which two employees were injured. With police protection the cars were run in Central Falls, but obstructions were piled upon many of the lines.

Overcoats and Fires.

Des Moines, Ia., June 24.—Unseasonably cold weather continues; overcoats and fires being rendered necessary. The seriousness of the crop condition has been further augmented by an inch and a half of rainfall within 20 hours.

Milton Wilburn, 16, confessed to sitting fire to the Sterling Paper company's mills near Hamilton, O. Loss \$20,000.

KENTUCKY FIRST.

In Amount of Tobacco Produced—In 1900 She Raised Over 36 Per Cent. of Entire Crop.

The census office Monday issued a bulletin covering the entire tobacco industry of the United States and showing its wonderful growth within the last decade. The total production of the United States for 1900 was 868,163,275 pounds, an increase of 379,906,629 pounds, or 77.8 per cent. over the crop of 1890. All States and Territories were represented, except Colorado, District of Columbia, Nevada, Rhode Island and Utah, but the cultivation of tobacco on a large scale was confined to comparatively few States. The crop of only eighteen States exceeded 1,000,000 pounds each, and that of thirteen States 5,000,000 pounds each. Eight States produced more than 20,000,000 pounds each and three States more than 100,000,000 pounds each.

Kentucky, North Carolina, Virginia, Ohio and Tennessee, in the order named, were the five greatest producers whose combined crop was 679,791,000 pounds, or 78.3 per cent. of the entire production.

Kentucky alone produced 36.2 per cent. of the entire crop of the United States.

New York, Pennsylvania, Ohio, Florida and Illinois, in the order named, were the leading five States in value of cigar and cigarette products in 1900. In the entire country 9,435,312,726 cigars and cigarettes were manufactured in 1900 out of 118,479,225 pounds of material.

GEORGETOWN, O., June 23.—The Democrats of the First Subdivision of the Fifth Judicial district, composed of the counties of Brown and Clermont, to-day unanimously renominated John A. Parrott, of Batavia, who is at present serving his first term.

The regular county convention nominated: Probate Judge, R. E. Campbell; Prosecuting Attorney, John Q. Waters; Clerk, Hiram Tyler; Sheriff, Ed. H. Kennedy; Commissioner, James M. Devore; Infirmary Director, Adam Bauer; Coroner, M. G. Ray.

Mrs. Scott, postmistress of Prospect Depot, Va., committed suicide by hanging herself.

WEEK OF FESTIVITIES

Arrival of King Edward and Queen Alexandra in London From Windsor.

HIS MAJESTY IN USUAL HEALTH.

The Special Ambassadors, Envoys and Princes, Invited to Attend the Coronation Exercises, Become Guests of the King.

London, June 24.—King Edward and Queen Alexandra arrived in London from Windsor at 12:30 p. m. His majesty appeared to be in his usual good health.

With the return of the court to London from Windsor the festivities of the coronation may be said to have commenced and each day until midnight Saturday, when the last gun of the royal salute will be fired by the fleet at Spithead, will furnish its quota of the attractions which promise to make the week memorable. From Monday the special ambassadors, envoys and princes invited to join in the festivities become the guests of the king. Throughout the day numbers of royal personages have been arriving from the continent. They were met at the railroad stations by royal carriages and guards of honor and were escorted to the official residences assigned to them. Consequently plenty of entertainment was provided for the crowds of sightseers filling the streets. A big throng took the opportunity of greeting the king and queen on their entry into the capital and semi-state progress to Buckingham palace. Accompanied by Prince and Princess Charles of Denmark, their majesties reached Paddington at 12:30 p. m. and proceeded in semi-state landaus, drawn by four horses with postillions, preceded by outriders and attended by an escort of the Royal Dragoon guards, all along the route usually followed by the late Queen Victoria.

The thoroughfares were thickly lined with people and the enthusiasm of the spectators evidenced their delight at the ocular proof of the recovery of the king from his recent indisposition. Rigorous police precautions were taken on the railroad station, but the public managed to evade the bridge across the track and the arrival of the royal train was greeted with cheers. The king lost no time in alighting and after chatting with the railroad officials, entered a carriage. He appeared to be in his usual health. He walked perhaps somewhat heavily, but showed few symptoms of his recent illness.

HOTEL COLLAPSED.

Several People Injured But All Are Quickly Rescued.

Dallas, Tex., June 24.—At 2:05 a. m. the center section of the St. James hotel, a three-story building located at Main and Murphy streets, collapsed without warning and 15 men were carried down with the debris without a single fatality. For a few minutes after the crash it was thought several lives had been lost, but by quick work the firemen rescued all those who had not escaped through their own efforts. The escape of those who were taken from the debris was marvelous, as three were tons of brick, mortar and woodwork piled above where they were found. Three men who were on the third floor are thought to be the most seriously injured. They are: J. Fife, fell from third floor to the ground, badly lacerated and suffering from shock; J. W. Hoffman, serious cut in leg and suffering from shock; J. F. Rose, thought to be injured internally. The Sherman lodging house which is next door to the St. James, also fell, but all the guests escaped. A man named McDonald escaped with severe scalp wound.

Wireless Telegraphy to Hawaii. Los Angeles, June 24.—Joan D. Spreckels, multi-millionaire, who controls a great share of the industries of the Hawaiian Islands, is contemplating connecting the islands by wireless telegraph with San Francisco. Experts in his employ are installing a system between Los Angeles and Catalina Island, 40 miles out in the Pacific ocean. If the work here is entirely satisfactory Mr. Spreckels will at once begin figuring on the Hawaiian system.

Differences Settled.

Toronto, Ont., June 24.—Business Agent MacDonald of the striking employees, stated that after a conference of 12 hours with the officers of the street railway company the question of wages and recognition of the union had been practically settled. President Ames of the board of trade is authority for the statement that the strike is about settled and that the cars will run at once.

Y. declared that it is no violation of the code of ethics of the regular school to consult with physicians of the homeopathic or eclectic schools, or, for that matter, with any physician "legally entitled to practice medicine." Verily, things are moving in the medical world as well as in other spheres of activity. The first quarter of the steel trust's second fiscal year, the quarter ending with June 30th, will be seen to have been quite the most prosperous in the history of the combine. It is estimated that the net for this quarter will aggre- gate more than \$38,000,000. "If earnings, says the New York Commercial, "were to continue throughout this second fiscal year at the rate established in this quar- ter the total would be \$152,400,000 for the year, as compared with \$111,000,000 for the preceding fiscal year, an increase of \$41,333,000. This increase alone would be within \$10,000,000 of the year's re- quirements for fixed charges and pre- ferred dividends, and would leave a cool \$100,000,000 profits. An additional bonded warehouse, to cost about \$12,000, will be erected this summer by the H. E. Pogue Distillery Company. The Kentucky Educational Association and the annual meeting of the Kentucky Chatauqua Assembly begin in Lexing- ton to-day. The Sunday school of the Central Presbyterian Church will enjoy an outing next Friday in Mr. Graham Lee's woods. Wagons will leave church at 8 o'clock that morning. Mr. J. C. Raine, whose illness at Cin- cinnati has been mentioned, is now able to go about the house and is slowly im- proving. He hopes to be able to return home in a few days. The coal shipments over the Cheesa- peake and Ohio for the six months end- ing April 30 show an increase of 537,133 tons over those for the corresponding period of last year. Coke shipments in- creased 23 per cent. At Cincinnati James Frost, formerly of this city, has sued Simmons, Fleming & Co. for \$5,000 damages. While at work in their machine shops he had the index finger of his right hand badly mashed by a piece of casting falling on it. The contract for building the Cheesa- peake and Ohio extension from White- house, Ky., to the breaks of the Big Sandy river in Virginia, about seventy- five miles, has been awarded to Lang- horn & Langhorn, of Richmond, Va. The grading will begin July 1. The celebrated poem "In Kentucky," written by Hon. James H. Mulligan, of Lexington, and set to music by Frank L. Bristow, the well known composer of Covington, has had a sale of over 4,000 copies in and around Cincinnati. It is now on sale in this city. The title page of the music contains a splendid picture of Judge Mulligan. About first of September Mr. B. W. Goodman, heretofore with O. H. P. Thomas & Co., will engage in the whole- sale and retail liquor business in this city, location a matter yet under consid- eration. Mr. Goodman will embark in this enterprise with every assurance of abundant success. Personally extremely popular, he will have a large following of attached friends able and anxious to for- ward his best interests in every legitimate manner. Add to this his thorough prac- tical knowledge of his chosen line, and his patrons may rest equally sure of se- curing at his hands the very best goods produced at figures guaranteed to suit. From now till his opening Mr. Goodman will be pleased to promptly and satis- factorily fill all orders entrusted to him by mail or otherwise. Miss Gordon announces she will open her private school for boys and girls in the chapel of the Church of Nativity the first Monday in September, 1902. The chief aim of the school shall be to instill high principles and to develop true and noble characters, while the same careful drill and thorough discipline which have characterized her work in the Girls' High School the past fourteen years will be adhered to. Those wishing particulars may call on H. C. Sharp, State National Bank, Mayeville, or write Miss Gordon, Maxwell street, Lexington, Ky. Lexington is turning to the ministry for Mayorality timber. Rev. Baker P. Lee, of the Episcopal Cathedral, who has achieved more than local note by his views on horse racing, and the fact that he declined a \$12,000 call to Chicago, pre- ferring to fill a \$3,500 position at Lexing- ton, is the man. Desha Breckinridge and other leaders asked the minister to stand for the place, but he ridicules the notion. We have made the greatest cut that has ever been made on sterling silver goods. We "defy" competition in this line. We have bargains galore. Call and learn prices. No old goods; all new designs. MURRAY, the jeweler. Nabisco sugar wafers—Calhoun's. The annual convention of the Epworth League of Covington district will be held at Union Methodist Episcopal Church in Covington on Thursday and Friday of this week. Rev. F. W. Harrop of this city will conduct the opening session. During the meeting addresses will be de- livered by Rev. Joseph Luccock, of New- port, Rev. Dr. Robertson and Rev. Dr. Gilbert, of Cincinnati, Rev. J. G. Dover and others. Referring to the widespread report that the Hygeia Hotel at Old Point Comfort would be demolished at once to admit of military improvements on the Govern- ment reservation, the Secretary of War has informed the General Passenger De- partment of the C. and O. railway that the time for removal has been extended to January 1st, thus enabling the hotel to remain open throughout the season of 1902 as heretofore. Adjutant General David R. Murray has returned from Washington, where he went in the interest of the Kentucky war claim. He received assurances that the sum of \$900,000 due the State as in- terest on money borrowed from State banks during the Civil war to equip and transport troops will be appropriated to Kentucky in the general deficiency bill to be passed before the close of the pre- sent session of Congress. A similar claim, due the State for interest paid the sink- ing fund on money borrowed, is pending, but will go over to next Congress. PROPOSALS will be received, to be opened at 2 o'clock p. m., July 12, 1902, for the sale to the United States of a suitable site, centrally and conveniently located, for the Federal building to be erected in Mayeville, Ky. A corner lot, approximately 120 by 150 feet is required. Each proposal must be accompanied by a diagram of the land, showing the widths of adjacent streets and alleys, the grades and the character of founda- tions obtainable, etc. Any improvements on the land must be removed by the vendor within thirty days after written notice, and the vendor shall pay all expenses connected with furnishing evidence of title and deeds of conveyance. The right to reject any proposal is reserved. Each proposal must be sealed, marked "Proposal for Federal building site at Mayeville, Ky.," and mailed to the SECRETARY OF THE TREASURY (FEDERAL ARCHITECT), Washington, D. C. H. A. TAYLOR, Assistant Secretary.

THE BEE HIVE

Sale Starts Friday!

Sale Starts Friday!

Rebuilding and Alteration

In two weeks the carpenters will commence the tearing out of walls and partition, building new foundations and in fact make the "old" Bee Hive into a new, modern store. We need the room. The largest and best store must grow. Increasing trade demands more selling space. So right now, in the midst of a season, we are compelled to sacrifice thousands and thousands of dollars' worth of goods or else run the risk of getting them damaged. For a money-saving investment, don't miss this sale. Some prices in to-morrow's paper.

MERZ BROS

FLOUR

Don't you want the best? Don't you want it at the lowest figure? Well, if you do, just try TOP NOTCH, best Spring Patent, \$4.25 per barrel, 54c. per twenty-four-pound sack, 27c. per twelve pound sack. Oh, but it is fine!

20 Pounds Granulated Sugar, \$1.

RIO COFFEE!

A sure snap now—10c. a pound. Why buy trashy package goods?

Special This Week!

BEST LIMA BEANS, per two-pound can, 5c. Truly it can be said they are as fine as those pulled from the vine. Try a can.

JAMES W. FITZGERALD,
CITY TREASURER.

COOPER'S HALL SOLD.

Mr. W. W. Ball the Purchaser, Securing the Property Through to Front Street at \$13,600.

The administrators of the late Captain N. Cooper Monday sold the property known as "Cooper's Hall" on north side of Second street, opposite Mitchell, Finch & Co.'s Bank, to Mr. W. W. Ball of the First National Bank. Included in the sale is the lot extending through to Front street, on which a handsome brick dwelling stands. The price paid was \$13,600.

Limestone Lodge No. 36, K. of P., had been negotiating for the property for some time, and was about to close the deal at \$13,500 when the sale was made to Mr. Ball.

The sale probably means that in the course of the next decade or so a handsome four-story modern business house will be erected on the site of the present Cooper's Hall.

William Patterson, one of the trio of Backskin Bill toughs charged with assaulting Laura Belle Murray, of Vanceburg, was held over to the September grand jury—sum of \$500. The evidence showed his victim to be a half-witted, unsophisticated country girl. She had been in but one town before and that was Martinsburg, Elliott County. It was her first visit to Vanceburg and the first show she had ever attended. She was sixteen years old last February and has never attended school and is unable to write or read.

The new Baptist Church at Fairview is about completed, and will be dedicated some time in July. The pews cost \$450.

Is This a Rap at Your Door?

Such opportunities knock but seldom—make the most of it. If you desire to save a smart bit on up-to-date Men's and Boys' Clothing and Furnishings don't, for the love of economy, let this chance escape. The Favorite Clothing Store offers their entire stock, consisting of reliable modes and makes, at ACTUAL COST prices, to make room for new fall goods and a line of Shoes. Orders from headquarters to clean up at a big sacrifice are imperative, and we propose to make this a season of matchless values—the merriest, biggest bargain festival ever known here. Everything in the store goes at cut prices, but special reductions are offered in Hats and Men's Furnishings. When you can buy high-grade Clothing at about half regular prices it's worth while looking into.

EVER HAVE IT?

If You Have, the Statement of This Maysville Man Will Interest You.

Ever have a "low down" pain in the back?

In the "small" right over the hips?
That's the home of backache.
It's caused by sick kidneys.

That's why Doan's Kidney Pills will cure it.

Maysville people endorse this—read a case of it:

Mr. John H. Fansler, of 200 East Fourth street, says: "It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable kidney remedy, and this fact is substantiated by ample proof by their personal use. I procured the remedy at J. James Wood & Son's drug store, corner of West Second and Market streets."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.
